

WISCONSIN LEGISLATIVE COUNCIL AMENDMENT MEMO

2005 Senate Bill 129	Senate Amendment 1
<i>Memo published: April 7, 2005</i> <i>Contact: Mary Offerdahl, Staff Attorney (266-2230)</i>	

Senate Bill 129 transfers administration of the Business Employees' Skills Training (BEST) grant program from the Department of Commerce to the Technical College System Board, raises from \$10,000 to \$20,000 the maximum in grants that the Board may award a business under the program, and makes several other changes to the program. In particular, under *current law*, a business eligible for a grant under the program must either employ no more than **25** full-time employees, or must have had no more than \$2,500,000 in gross annual income in the year preceding the year in which the business receives the grant. Under *Senate Bill 129*, an eligible business must either employ no more than **100** full-time employees, or must have had no more than \$2,500,000 in gross annual income in the year preceding the year in which the business receives the grant.

Senate Amendment 1 makes two changes to this requirement, as reflected in the bolded numbers in the following two bullets, so that an eligible business either:

- Must employ no more than **50** full-time employees, or
- Must have had no more than **\$5,000,000** in gross annual income in the year preceding the year in which the business receives the grant.
